**Mr. Hideyuki Takeda, Managing Director** commented during the activity, “‘Chase Your Dream Run Project’ is initiated with the ultimate aim of strengthening all participants to be healthy and giving back to society. We learn that the kids from the school are passionate about sports. It is important to let them try lots of sport activities, so that they can develop a wide range of sport skills and find out what they enjoy. Increasing its commitment to support the global Olympic and Paralympic Movement aligns with the company’s ‘Chase Your Dream’ message, which aims to encourage people to overcome adversities and chase their own dreams. We, Bridgestone believe that supporting the sport field is even more inspirational to the kids. Having a good practising place can raise their sport training efforts and also inspire them to chase their dreams toward becoming a school athlete, provincial athlete, or representing Thailand as national athlete in the future.”
